

Megha Lalwani

Aspiring Smart City Data Analyst

Contact

Email: megha.lalwani@example.com

Phone: 9XXXXXXXXXX

Location: Ahmedabad, India

Education

B.Sc. IT – GLS University (2022–2025)

Technical Skills

- Python
- SQL
- Power BI
- GIS Basics (QGIS)
- Data Analysis
- Firebase
- IoT Fundamentals

Projects

Smart Traffic Data Analysis

Analyzed urban traffic datasets using Python and SQL to identify congestion patterns and optimize signal timing.

Smart City Career Intelligence Platform (InsightEdge)

Built a resume-driven AI platform to map user skills to Smart City roles and generate personalized learning roadmaps.

Internship / Experience

Data Analytics Intern – Urban Solutions Lab

Worked on city-level datasets, created dashboards, and assisted in mobility optimization studies.

Career Objective

To contribute to Smart City initiatives by leveraging data analytics, urban technology, and AI-driven insights to improve city living.
