Education

Dhirubhai Ambani University CPI: 8.58	2025 - Present Gandhinagar, Gujarat
BCA St. Xavier's College (Autonomous) Percentage: 87.75	2022 - 2025 Adalaj, Gujarat
12th Divine Child International School(CBSE) Percentage: 93.2	2021 - 2022 Adalaj, Gujarat
10th Divine Child International School (CBSE) Percentage: 93.5	2019 - 2020 Adalaj, Gujarat

Experience

Collaborated with FruxInfo Company-Guided Final Year Project	Jun 2024 – Mar 2025 Ahmedabad, Gujarat
<ul style="list-style-type: none">Worked closely with the company to design and develop my final year project, gaining exposure to industry-level practices.Received technical guidance from company professionals throughout the software lifecycle, including requirements analysis, database design, and implementation.Successfully developed and deployed the project, integrating real-world problem-solving approaches and efficient coding practices.	

Projects

Tiffins By Naari HTML, Tailwind CSS, PHP, MySQL, JavaScript, AJAX, jQuery	🔗
<ul style="list-style-type: none">Designed and developed a full-stack web platform empowering home-based women entrepreneurs to manage tiffin services efficiently.Built dynamic modules for menu management, order tracking, customer feedback, and integrated a subscription-based model for recurring customers.Implemented optimized database structures and AJAX-based live updates to reduce order processing time by 35% and enhance user experience.Developed an admin dashboard for managing service providers, monitoring reports, and analyzing order statistics.	
TaskEase – Task Management System HTML, CSS, PHP, MySQL, JavaScript, AJAX	🔗
<ul style="list-style-type: none">Built a collaborative task management platform enabling real-time task creation, assignment, and progress tracking for multiple users.Implemented role-based authentication to provide personalized dashboards for Admins, Managers, and Team Members.Integrated automated task reminders, deadline notifications, and activity logs to improve team productivity by 40%.Optimized database queries and AJAX-based task updates for improving performance and usability.	

Technical Skills

Languages: C++, Python, Java, JavaScript, HTML, CSS, AJAX, JQuery
Developer Tools: Git, VS Code, PowerBI, Figma
Frameworks: React.js, Tailwind CSS, Bootstrap
Cloud/Databases: MongoDB, MySQL
Soft Skills: Team Collaboration, Leadership, Problem Solving, Communication, Time Management
Coursework: Data Structures and Algorithms, Operating Systems, DBMS, Computer Networks
Areas of Interest: Full Stack Development, Data Analyst, Competitive Programming

Certificates

Bootcamps ML Edition'25 – Participation Certificate

Issued by IEEE SB DAIICT

Sep 2025

- Recognized for valuable participation in **BOOTCAMPS ML Edition'25** organized by IEEE SB DAIICT.

Achievements

- Participated in **HackOut 2025**, gaining hands-on exposure to real-world problem solving and innovation.
- Secured **All India Rank 27** in the **DAIICT Entrance Examination - 2025**.
- Achieved **15th Rank** in the **NFSU Entrance Examination - 2025**.
- Participated in **Pythogram 3.0 (2024)** organized by **St. Xavier's College**.
- Volunteered and successfully **hosted Pythogram 2.0 (2023)** in my college, contributing to event coordination and management.
- Successfully completed professional **training on MongoDB**, gaining skills in database management and NoSQL data handling.
